Letter No L.258 dated 12th July 1945 from the Law Secretary to Government stating that the proposal to have one Executive Engineer in addition to two separate Assistant Engineers to the Trust Board and the Municipal Council, appears to be superfluous apart from being expensive and that the best arrangements seems to be for the Municipality and the Trust Board to have each an Engineer of the grade of a Senior Assistant Engineer borrowing the services of an Officer of the P W D temporarily and enquiring if the arrangements would be suitable Trust Board Resolution No.41 dated 25-7-1945 is also enclosed

"The Municipal Council in modification of their previous resolution agrees with the recommendation of the Trust Board and the Government to have two separate Assistant Engineers only, one for the Trust Board and another for the Municipal Council
